

PRODUCT INGREDIENTS & ALLERGEN REGISTER

Consolidated product specification document

Document date	1 September 2026
Products covered	19
Status	Master reference - ingredients and allergen declarations

Purpose

A single operational reference for product identification, ingredient declarations and allergen information. Product information should be checked against the current supplier label or specification whenever a product or recipe changes.

Quick Reference

Allergen terms follow the UK/EU 14-allergen categories. "Cross-contamination" includes manufacturer "may contain", "possible cross-contamination" and factory-presence declarations.
